Provider(s): Wilder: Long-term homeless program-LTH(1412)

Report Dates: 7/1/2007 to 11/8/2007

Run Date: 11/12/07 12:40 PM effective date: 11/12/2007

Data Check Table, grouped by household

	This table includes all clients served during the report period, including clients who have exited the program.
1.	Check all dates.
2.	Check the county, city and state.
3.	Confirm that the household information is recorded in the Household Head's records. Only data from the Household Head's record will be included in the counting report for Household Information.
4.	If a client has moved out of a residence, there should be an End Date recorded.
5.	The column labeled, "Included in Client's County List" tells you whether the record will be included in the counting table that tells how many clients lived in each county. To be included in this count, the record must meet the following criteria:
a.	The record is for the Head of Household
b.	The record must have a "Start Date" for the Client Residence sub-assessment
c.	The "End Date" for the Client Residence sub-assessment can be null. If an "End Date" has been entered, the record will be counted only if the end date is later than the Report Start Date.

Client's County

This table lists each county (where your clients lived), and shows which households lived in that county. If your client has moved and no exit date is recorded, they may be counted in more than one county. If your client has moved to multiple residences in the same county, the county will only be counted once for that client.

	ID2	Last Name	First Name	Client's City(509)
Hennepin County	147205	Usergroup	LTH	Minneapolis
St. Louis County	41332	turkey	fat	Duluth
Total number of households:	2			

Counting Table - this is what would be sent to the state. If a client has more than one residence recorded in the same county, this county will add only 1 residence per household per county. If a client has had residences in more than 1 county, 1 residence in each county will be included. Clients Listed in Hennepin, Ramsey and St. Louis County include only clients NOT living in Minneapolis, St. Paul or Duluth.

Number of Households by County, separating clients in Minneapolis, St. Paul and Duluth	Number of Households	% of Households
X:Duluth	1	50.00%
X: Minneapolis	1	50.00%
Total Households	2	100.00%

Households That Moved, but are Still in Program

Providers: Wilder: Long-term homeless program-LTH(1412)

Report Dates: 7/1/2007 to 11/8/2007

Report Run: 11/12/07 12:40 PM Effective date 11/12/2007

Data Check Table, Household Heads only	
This table shows only household heads who are still being served--they have not exited the program.	
Check the Residence End Date (move-out), and Reason for Leaving this Residence. Households are considered "Moved, but not Exited" if there is no exit date AND there is a Residence End Date(move-out) recorded in the Client Residence subassessment.	
Households will be included in the "Reasons for Leaving this Residence" table only if they have BOTH a "Residence End Date (move-out)" and a "Reason for Leaving this Residence" recorded in the Client Residence subassessment.	
A client's record will be included in "Moved But Not Exited?" if the following conditions are met:	
a.	The Residence Start Date is earlier than the Report End Date
b.	The Residence End Date is not null
c.	The Residence End Date is equal to or later than the Report Start Date
d.	The Residence End Date is earlier than the Report End Date
