

HMIS DATA ENTRY GUIDE FOR WEEKLY DATA MONITORING AT NIGHT-BY-NIGHT EMERGENCY SHELETRS

Clients actively staying at the shelter should all have open entry/exits. Clients that haven't returned to the shelter in 7 days should be exited on the last day they stayed at the shelter. Run the **Bookend Data Quality report** to identify clients currently being served at the shelter that don't have entry/exits added and clients who had left the shelter 7 or more days ago that haven't been exited from your shelter provider.

RUN THE BOOKEND DATA QUALITY REPORT

Run this report on an afternoon (after 12pm) weekly to monitor the quality of the data entries at your night-by-night emergency shelter program.

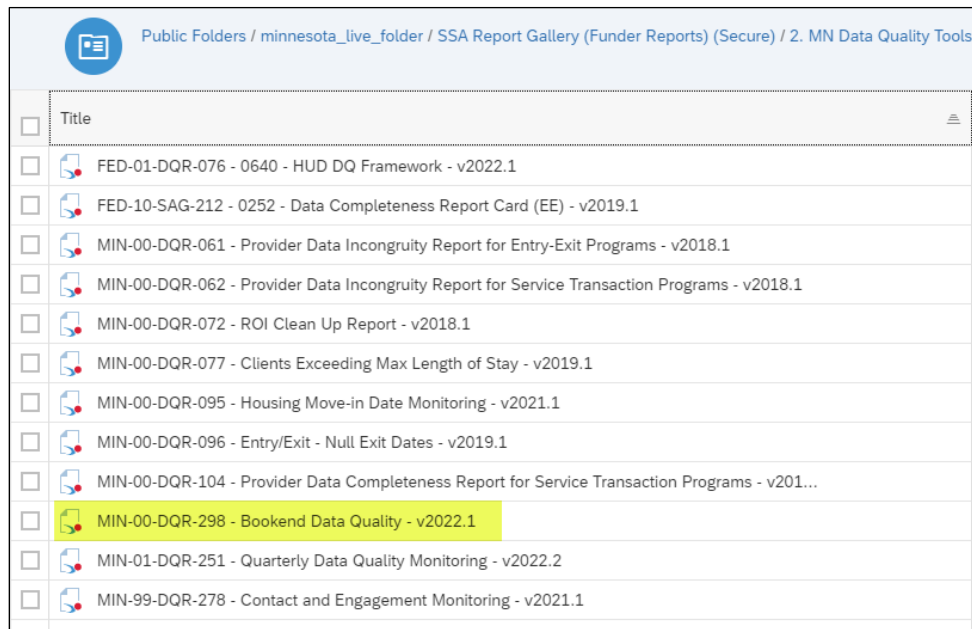

1. Log into **Community Services**.
2. Click on 'Connect to BusinessObjects' at the upper right corner of your screen, which will launch a new tab in the browser

3. Click on **Folders** to proceed
